Sandy York - We need to schedule a public hearing to accept the hazardous mitigation plan.

Select Board - will schedule a hearing on July 9th.

Sandy York - Questioned if we were paying the latest Irving bill from the general fund or the special revenue fund.

Select Board - the general fund.

Anna Gilbody - Questioned why the fence at the transfer station has been down for 2 weeks. It is a large liability to the town with the fence down.

Select Board Member Simonds - The posts are in the cement and the fence should be going up tomorrow. Several stumps had to be removed. There were no time constraints in the contract. All the fencing did not come in at once.

Chairman St.Cyr - It is a work in progress

Anna Gilbody - The fencing is just laying there and could be stolen. You could be facing a law suit if any child were to get hurt there.

Chairman St.Cyr - Asked Officer Alba how things were going at Forest Lake.

Officer Alba - There have been no issues. The park is open from 8 am till 8:30 pm and later on weekends.
