

The Select Board held a work session on Monday July 16, 2012, at the Dalton Municipal Building

PRESENT: Select Board Members Victor St.Cyr, Kevin Whittum Sr, Julia Simonds

**Pledge**

**Motion:** *by Chairman St.Cyr accept the minutes as posted*

**Second:** *by Select Board Member Whittum*

**Vote:** 3-0-0

Maggie Michaud - The summer rec program is going great. We will have 2 more kids next week and the staff is working out well. She showed the Board the T shirts for the program.

Select Board Member Simonds - Questioned that the Board was told the program had to have 17 kids to work and there not that many kids.

Maggie Michaud - We are running 3 to 7 kids.

Select Board Member Simonds - You are not making payroll with those numbers

Maggie Michaud - We have extra money from the T shirts and some of the staff is volunteering their time. We won't be asking the town for more money. We would like to use the outside spigot for a hose to use for the kids.

Chairman St.Cyr - The well should be looked at first. Shawn St.Cyr will do a static test and we will get back to you.

Sandy York - Spoke with attorney Williams regarding the Saltmarsh veteran's credit issue. The attorney said the way we handled it was correct but there is not an RSA that clearly states the exemption or credit stays with the property. The attorney who handled the closing should have allowed for the credit at the closing and that should be checked out.

Select Board Whittum - made a few calls and received different answers.

Chairman St.Cyr - We will talk with our attorney.

Sonny Saltmarsh - is not going to let this go.

Chairman St.Cyr - Asked Sonny Saltmarsh to bring in the closing statements. The Selectmen can abate.

Robert Blanchette - We do not have blueprints for the transfer station project done yet. Bob Wentworth would like the road crew to do the project on their own time and not take away from the highway crew. We could save money by having us do it.

Chairman St.Cyr - We need to have Bob go over this. If they work more than 40 hours, do we have to pay overtime.

Robert Blanchette - We have done other special projects this way.

Select Board Member Whittum - We need to get things straight with the Conservation Commission ahead of time. We will have to change some things to accommodate the construction.

Robert Blanchette - We have spoken with Beattie and All Metals are okay with the change.

Select Board Member Whittum - Suggested Bob and Rob come in at 6 pm on Wednesday before the Conservation meeting to go over things. The new pads should be sealed and the cost should be added.

Robert Blanchette - I spoke with NRRRA regarding the plastic recycling at Bethlehem and the paperwork has been filed. There will be a fee for trucking and then you will get paid for plastic.

**Motion:** *by Chairman St.Cyr to allow this \$9,279.00 project to go thru.*

**Second:** *by Select Board Member Whittum*

**Vote:** 3-0-0

David Spreadbury - the fence and barbed wire are up. We need to get a bolt.

Select Board Member Whittum - Viewed the project and is satisfied.

David Spreadbury - We will run the excess barbed wire thru the trees in the back.

**Motion:** *by Chairman St.Cyr to notify the Conservation Commission to release the check.*

**Second:** *by Select Board Member Whittum*

**Vote:** 2-0-0

Chairman St. Cyr - called Chick Ingerson regarding releasing the check and having their secretary get an email to the treasurer for payment.

Select Board - Will cut a check on Monday for Dalton Mountain Landscaping for \$200.00

Anna Gilbody - My job is working on taxes and Sandy is correct the exemption goes with the property.

The date is April 1st. If the town wants to split the exemption it has to be voted on at town meeting.

He needs to bring in his closing statements.

Shawn St.Cyr - will do a water test at Forest Lake State Park the cost is \$35.00. The money will come out of the health officer's budget. It is posted to swim at your own risk. We should have results by Friday.

Sandy York - Will email the State to let them know.

Select Board Simonds - Questioned is we should allow the children to play in the water at this building.

Shawn St.Cyr - Will do a static test here.

Chairman St.Cyr - We will make next week's meeting a work session to work on the internal control assessment.

Select Board adjourned the meeting.
