There are no major issues on the agenda.

Jessie Wentworth suggested that the budgets need to be gone over again to be able to break them down in the way that Crane and Bell have suggested. Financial administration will be the most extensive. The breakdown will provide more information for future budgeting.

The Board discussed purchasing another 1000 gallons of oil for the Municipal Building. The Board decided to call CN Brown to see what the price is now and if it is at least what was paid for last the delivery, order it.

The furnace still hasn't been cleaned. Stiles will be called to see when they plan to come.

The Board is still waiting for Fitch to come look at the kitchen sink. Kathy Barden suggested that Corey Hunt is reliable and could look at the sink. He will be called to see if he can look at the sink and what his suggestions and price would be.

Avitar has been contacted and the backup that they require has been completed. There should not be a bill/penalty assessed on the annual bill. The town portion of the Avitar program needs to be backed up regularly. Jessie will assist the administrative assistant to be sure that this is done weekly.

John Tholl did an assist with the Bureau of Adult and Elderly today. The individual refused assistance.

PLT liability insurance will not be able to provide insurance next year. Another company will be contacted to see what they can provide and the proposed cost.

Adjourned at 6:50 PM
