Chairman Crosby - We would like to bring the tension down.

Selectman Hardy - The tension did rise. I should have had personal privilege. There were a lot of people here to support John Tholl.

Selectman St.Cyr - You left the Board for the audience.

Chairman Crosby - We told you that you were on your own, we did not agree with you about the petition. You didn't even tell us you were presenting the petition.

Selectman Hardy - Sharon Tupper rattled on for 20 minutes with personal attacks and called me a liar.

Chairman Crosby - No she did not.

Selectman St.Cyr - You were given more time.

Chairman Crosby - The only way Trish got the information was from you and some of it was from executive session. I have only seen her at 1 meeting since I have been here

Selectman Hardy - She watched John Tholl not do his work and she saw 2 people in the cruiser.

Chairman Crosby - Any further discussion should be moved to executive session.

Chairman's Comments

Chairman Crosby - The Department Heads held a meeting today. They will be meeting once a month. They worked on timetables for budgets and the report, safety committee issues and talked about the hiring policy.

Chairman Crosby - Doris Mitton asked about the driveway and parking lot and said they had someone to do it for free. I told her the Trustees would have to discuss this with John Tholl, Bob Wentworth and Selectman St.Cyr.

Chairman Crosby - Attended the meeting in Whitefield. Jim Dannis was there as well as Skip Sansoucy. Bill Remick is coming to our next meeting as a Representative.

Chairman Crosby - Discussed building a base mission statement to protect property owners. We should have training and recommend a process for people - zoning, building inspector, etc. Littleton has zoning but no process to enforce.

Selectman Hardy - Questioned why we can't just implement State health and junk laws.

Chairman Crosby - A process has to be in place.

Selectman St.Cyr - The Simonds trailer was only supposed to be there for a limited stay. They should be evicted. It was only a temporary deal. We need to address this issue.

Chairman Crosby - We need to hear from the fire marshal before we go any further. We are not on firm ground. We can send a letter and have them come in.

Selectman Hardy - There are other issues besides the FEMA rules. There are wetlands violations, trash and junk vehicles. The Board and the Health Officer can take care of it.

Selectman St.Cyr - Has anyone made a health complaint.

Selectman Hardy - I was told by Joel White there are two 55 gallons drums for the septic and David Spreadbury is urinating in the road and there is a lot of garbage.

Selectman St.Cyr - Are you sure it was Joel White who told you. We had a verbal agreement with the Simond's that the mobile home was only there on a temporary basis.

Brian Hardy - It was Joel White.

Shawn St.Cyr - There is a septic tank there. I will check on it as well as the garbage.

Selectman Hardy - The town can adopt state building codes at town meeting and get a code enforcement officer. I will do the work for nothing

Chairman Crosby - We need to be educated first. Other town boards have the same issues.

Motion: *by Selectman St.Cyr to have the Simond's come in to a meeting and send a copy of the letter to David Spreadbury..*

3. Officer's Report:

Sandy York - Reminded the Board of the meeting on Friday with Forest Lake State Park

Selectman Hardy - Reviewed school budget increases with the Board.

Selectman Hardy - Presented pictures of the Osgood, Young and Beniot property. There is a lot of junk at the Beniot and Young property and the RSA's requires a junk yard license. Osgood has 2 houses on one lot and where is their sewer hooked up.

Sandy York - There are 2 lots at Osgood's.

Selectman St.Cyr - Went to Osgood's when they hooked the line in.

Selectman Hardy - Will bring in the RSA's regarding junk yards.

Selectman St.Cyr - The highway department has been doing spot grading and the wood shed is finished. A pipe will be installed at Mike Lougnane's to help with water runoff.
